## *President's Message*

Dear Friends:

A lot of good things happened during our summer vacation. I am finally a grandmother! I have been looking forward to that for a long time and it's even more fun than I imagined.

I have, with the help of a distant cousin, discovered so many new sets of grandparents that I will never get them all straight in my mind and ...

I find myself President of ACGS. Of course I've known about this since last spring and had the whole summer to get ready but it was a very short summer! It is an honor to be asked to serve as your President but I feel very much at a disadvantage when I consider the year ahead. I am relatively new at family research and so much of what I have found has been beginner's luck and not skill. Most of you have been in genealogy a lot longer and have a lot more knowledge. In fact, I joined ACGS to learn from you. I do have a great appreciation for the work that organizations like ours do to preserve records and family information that would otherwise be lost. I hope we can continue to develop and publish new information. I will need your help in finding new projects and finishing those already planned.

The first thing we need to work on is attendance at our meetings. We have very good programs each month that inform and entertain, however the really important part of our monthly meeting is the sharing of our mutual interest. Enthusiasm is catching and it is great to share new discoveries with people who can appreciate your excitement.

I want this to be a good year for ACGS and I'm grateful for the other officers and the board to steer me in the right direction. I am looking forward to the year, the hot weather is about over and the fall is a great time for research trips. Later this year Bill Finch has a Show and Tell program planned. I hope we will all have something to share, so dig out your notebooks and get busy! I wish you good hunting.

Mary Spainhour

## The Rectangular Survey System

The United States acquired over 1.4 billion acres of public land between 1803 and 1853. Land acquired by treaties, war, ceded by colonies and purchase. This land was eventually to be transferred to private ownership, bought by our ancestors. The basic steps to transfer the land were: (1) survey, (2) sales at public auction and (4) recording the titles. The minimum price was set at \$1.25 per acre with a minimum purchase of forty acres. This process created records which aid us in our research.

These records are recorded by land description and land office. So, to enable us to use them in our research we must understand the rectangular system. This system divides the land into square mile sections. A system of north-south meridians and east-west baselines provided the initial points for the township surveys. There is a base line in Arkansas and Arkansas was surveyed off the 5th principal meridian. Rows of townships, running north and south, and columns of ranges, running east and west, extend from these base lines and principal meridians. The first township south of the base line is the Township 1S and the first township north is Township 1N. The fourth range west of the principal meridian is called Range 4W. The fourth range east is Range 3E.

The townships are formed by the intersection of township and range lines. Each section contains 640 acres and these sections are divided into quarter sections that could be divided into quarters again. A 160 acre section could be divided into 80 acres, 40 acres or smaller areas. See diagram.

All townships are divided into 36 sections. The numbers run from the north-east corner, west to the section line then drops down one section and runs east to the opposite section line in a snake-like fashion until the south-east corner is reached.

## Sectional Guide

## Perpetuating Interest in Genealogy

We as genealogists know that tidbits of information are in the most unusual or sometimes quite mundane places. Tucked into the corner of a small box tucked in the back of a bureau drawer, on the back of photos, slipped into a favorite book or in some trunk stored in the attic or basement. We sometimes find the elusive clue that unlocks the past like an old movie. My father had his grandfather's Bible on the top shelf of his closet. This find opened up a whole new line of ancestors for me with all the family information contained in it.

We probably won't find these unless we search, ask, and *harrass* our family for their knowledge of things past. Encourage older generations of the family to tell stories they heard from their parents and grandparents. One such story told to my mother by her great aunt was directly responsible for finding a great-great grandfather in Georgia with the very common name of William Baker. Children love these stories. I have told some of them to my grandchildren as bedtime stories. Often they ask me, *Tell me about our family*. This creates an interest that will keep genealogy alive in the future generations.

Photographs are another way to pique interest. Photos of family members in uniform, costume, or quaint clothing are sure to arouse curiosity from children and adults alike. To find the names and dates on the back is most helpful. Take photos to family reunions and interviews if like so many people yours do not have names on them. To help future genealogy buffs put names, dates, and places on the backs of current pictures.

My mother always had a story to go with keepsakes she kept in her trunk. As a child I was fascinated. If we will put these stories with our keepsakes they will be more cherished by our children and grandchildren.

Diaries and journals are also very interesting. One of our members has a diary given him by an aunt, written by an ancestor on his way to the gold fields in California during the gold rush and his stay there. Most fascinating! He shared this with us at a *show and tell* meeting. How I wish my family had kept such a record. The things quite ordinary then, captures our imagination now as things we consider not too important in our daily life will be interesting to our descendants, say fifty years from now. During my lifetime we have gone from radio to television to satellite communications. What changes will the next decade/century bring that we can't comprehend? What changes that will make commonplace things of today seem archaic to our grandchildren?

We need to teach every chance we get. Volunteer, volunteer. At the public library, in local schools (the social studies teacher might want your expertise), Girl Scout Troops (they can earn a badge as well as learn about their families.) If you have taught youngsters in your family well, they might present a project in school using historical pictures and documents they found during their research. Do research for historical organizations. Most counties have a historical society who would welcome new members willing to really work. If asked, present historical information to clubs, they are always looking for good, interesting speakers. Every chance you get teach, teach, teach.

Above all, don't hoard your information just because you spent hours and hours searching and searching for one date or name on your family tree. Collect and preserve to ensure we are remembered by future generations. Teach every opportunity. Instill in our descendants a love for history especially family history. Our family histories interwoven results in the fabric of our county, state, national and world histories.

### Did You Know

That: Piggy banks didn't get their name from the shape of an animal, the pig? During the middle ages, a type of dense, orange clay known as *pygg* was used to make dishes, pots, and jars which in turn were called *pygg*. People saved their cash in kitchen pots and jars...a *pygg jar*. The name persisted even though the clay was forgotten. By the 18th century *pygg jar* became pig bank and potters simply cast them in the shape of the common name, pig.

*Fun Stuff You Don't Need to Know*

That: White people who married Indians were not listed on the US census records if the marriages took place in OK, AR or MO before 1889. They were considered part of the Indian Nation into which they married. In 1905, all Indians had to fill out a claim including children, grandparents, birth, death, etc. The National Archives has these applications to the Court of Claims.

That: A Whitesmith was a tinsmith or polisher or finisher of iron. These metals were not white but much lighter in color than the rough iron used by the blacksmith.

## Captain Robert J. Withers

Jann Woodard, 12008 Ginger Lane, Benton, AR 72015, sent the following obituary of Captain Robert J. Withers to Bill Finch that she found in the Arkansas Methodist Newspaper dated January 22, 1902. It was written by S. W. Rainey who must have been a Methodist minister at the time. Capt. Withers is an ancestor of Bill's.

Captain Robert J. Withers, the subject of this publication (according to our idea), was one of the greatest and strongest Christian characters in Southeast Arkansas.

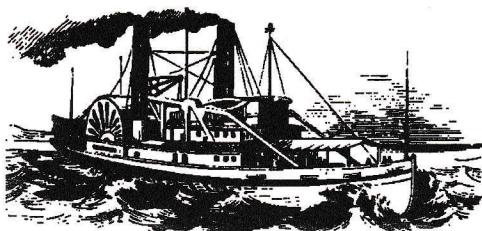

He was born June 15, 1820 (we know not where) and lived through more than four-fifths of the tempestuous years of the Nineteenth century. Was married to Miss A. E. Finch in New Orleans, La., April 6, 1861, and died at his home at Longview, Arkansas, June 18, 1901. Captain Withers was not robust physically, but was more than 6 feet tall, stood erect, and was graceful. Was active in old age. Could ride on horseback and could ride in a lope only three years ago when I was his pastor. So with military carriage, even temper, and regular habits, we wonder not at his having reached the four-score period in life.

Intellectually he was a giant. Rich in years of experience, his business, moral and theological views were profitable and entertaining. He loved to talk of his boyhood, and could carry you back into the gleeful days of childhood and youth; and the flush would come back to his cheeks and twinkle to mirth and gladness in the eye and you would almost imagine you were conversing with a boy of twelve or fourteen years.

One coincidence in life that he loved to tell was that he killed his first deer on the day that he was fourteen years old, and when he brought his deer home he found a new baby there...his brother Haelstad, was born that day...who is now Dr. Haelstad Withers, a faithful superannuate preacher of the Little Rock Conference.

Religiously Captain Withers was a great and good man. He joined the church early in life and after engaging for some years in steamboat life was lost sight of but again united with the church at Longview in 1869 and lived a consistent member until the Father said, *Come up higher*. Brother Withers was not a noisy Methodist but he loved God and the church. He took the Arkansas Methodist and read it and paid for it. And it made no difference to who his preacher was, if he was his preacher, he loved him and paid him. He often said it me, *I can't tell it or preach it like my brother, but I do love God and am happy in his service. I am just walking by faith in Him, and trusting Him to lead me on*. And then his brilliant face would brighten up with a halo of light and hope that would convince the world that he was acquainted with God.

May God bless his many kindred and friends and help us all to profit by his example.

TO WHOM IT MAY CONCERN:

We are currently researching a novel in the category of historical fiction, which we plan to write. Could you help us answer the following questions?

- 1) Robert James Withers owned some property in an area called "Longview" sometime around the late 1850's or early 1860's. Could you help us locate that property? Are there maps available of that area for this time period?
- 2) Is there a record of a cotton gin and a lumber mill built by Robert James Withers in that area in the early 1860's?
- 3) Is there a record of a Wither's Ferry across the Saline River in the late 1850's or maybe later?
- 4) Are there any local folklore publications for this area around "Longview"? If so, could you please give me a subscription address?
- 5) Could you give me an exact description of the river route taken in 1850-1860 from the Saline River at "Longview" to New Orleans, Louisiana?
- 6) Is there anything left to see of the plantation which belonged to Robert James Withers?
- 7) Is there a record of the sale of either of Robert James Withers' steamboats, the "Howard" or the "Carrie Poole", or perhaps the "Morgan Nelson" of which he was part owner?

We are interested in anything on record concerning Robert James Withers. We would appreciate any information that you can give us, or guidance to the proper sources for such information.

We would appreciate the addresses to obtain Probate Court records of Drew County, Ashley County, Fountain Hill, Johnsville and Lacey, if you have them available.

Sincerely,

*Dorothy G. Olson*

#### NATIONAL GENEALOGY SOCIETY SEEKS BIBLE RECORDS

The National Genealogical Society would like to expand its collection of Bible records and is encouraging members and friends to contribute copies of any Bible records in their possession. If you are aware of friends, relatives, or neighbors who have family Bibles containing heretofore unpublished genealogical data, please ask them also to participate in this project. Suggested guidelines for collecting family Bible material are (1) Photocopy, whenever possible, all pages containing pertinent family information. Include title page and date of publication. A facsimile copy is important, when interpretation of handwriting is in question. A transcript (word for word copy) should accompany the photocopy. (2) When a photocopy is not obtainable, a typewritten transcription is preferable, for legibility. Again it is important to include all information on the title page: Title, translation, edition, and date and place of publication. (3) If neither photocopy nor a typewritten copy is possible, please write as legibly as possible, or print in black ink, all of the information mentioned above. (4) Give name and address of person who now has possession of the Bible, and give the date copied. (5) Give name and address of person submitting records to this collection. (6) If material being sent is not a photocopy, please be sure to proofread it, and correct any errors that have resulted from transcribing. Accuracy will enhance the value of the collection. All records submitted will be indexed and cataloged into the Family History Card File, and thus be made available to anyone using the library for research. Send your records to the National Genealogical Society, 1921 Sunderland Place, N.W., Washington, DC 28036.

## John Franklin Gray Family

from records of John P. Gray, 416 Post Oak Rd., Sulphur, LA 70663

1. John Franklin Gray, born Dec. 7, 1851, AL prbly Choctaw Co., m. (1) Oct. 26, 1874, Elizabeth J. (Betty) Evans, d. Mar. - 1922, m. (2) Lizzie Bell (Emma) Smith, John died Feb. -, 1922 in Ashley County, Ark., buried Sims Cem., Crossett, Ashley Co., Ark. John Franklin Gray was the second child of Hugh R. and Elizabeth J. Banks Gray. John Franklin and Elizabeth J. Evans had four children. My grandmother is supposed to have said John Franklin's language was something to hear when he drove his team of oxen through the streets of Carthage, Miss. Chloe Gray Switzer remembered her grandfather as a big gruff gentle man that visited with her on Sunday while she cooked the family dinner. She said that he always sat in the doorway in a straight back chair and laughed and talked and drank coffee while she cooked. But then grandmother was a preacher's daughter when she lived in Carthage. I know very little about John Franklin, he was supposed to have been a bare nuckle fighter, a deputy sheriff before he moved to Arkansas. If so tradition held up, Chloe was sheriff of Ashley County and there were seven of John Franklin's descendants working in law enforcement at the same time. His nephew Gray Edwards was Chief of Police in Crossett, Arkansas. John Franklin Gray and Lizzie Bell are buried in Sims Cem., Crossett, Arkansas. Their graves are marked.

HUSBAND - John F. HARVILLE-98

From the Ashley County Eagle, May 7, 1903: "Mr. J.F. Harville, of the Milo neighborhood, one of the oldest and best citizens of Ashley County, died on Thursday morning last, within a few days of his 80th birthday." No burial place was given. John F. Harville appears on tax rolls of Ashley County, AR, beginning in 1868, but does not appear on census until 1870.

Also called "Jackson"  
or "Jack"

WIFE - Mary M. TABOR-99

The 1900 census lists Mary M. Harville, age 64, as mother of 11 children, 8 living. I have not been able to find all 11. This family first appears on a census in 1870, although John is on the tax rolls of Ashley County from 1868 on. I do not now know where they were before 1868, and do not know the older children. Her obituary in the Ashley County Eagle in 1907 says she is "about 74 years." The 1900 census gives her birthday as Feb. 1836. The 1880 census gives her age as 43.

CHILD 1 - John C. HARVILLE-244

John C. Harville married Alice Agee on August 17, 1875; 1880 census shows children Katherine, born 1877; John, born 1879. John C. also married L.A. Bennett on Dec. 30, 1886. He is listed as a surviving brother of Eddie F. Harville in 1902. (Alice Agee Harville died in 1885; is buried in Egypt Cemetery, Ashley County, Ark. "Willie", born 1879, died 1887, is buried next to her.)

CHILD 2 - Mary (Mollie) E. HARVILLE-227

Mary Harville appears on the 1870 Ashley County, AR, census as a twelve-year-old. I believe this is Mollie. She married Rev. F.A. Bezoni in Ashley County, AR, on Aug. 17, 1875. She is listed as a visitor with sisters Lillian and Bertie in 1897; and a granddaughter, Mary Bezoni, was living with the Harvilles in 1900. She was ten years old. (Soundex census AR 1900) According to the Ashley County Eagle, Rev. Bezoni was a frequent visitor to Hamburg for several years. Obituary in the Ashley County Eagle, 17 Jan. 1890: "Departed this life on the morning of the 31st ult., after a short illness, Mrs. Mollie E. Bezoni, consort of Rev. F.A. Bezoni, aged 32 years, 3 months, and 25 days. The deceased was the eldest daughter of Mr. J.F. and M. Harvill. On August 17, 1875, she was united in marriage to Rev. F.A. Bezoni, who now together with five sorrowing children, remain to mourn their sad and irreparable loss."

CHILD 3 - Mattie HARVILLE-226

Mrs. George H. Richardson of Hamburg listed as daughter of Mary M. Harville in Mary's obituary in 1907. George H. Richardson and Charles T. Kennedy formed a partnership in a general merchandise store, (Oct. 15, 1896, Ashley Co. Eagle).

1900 Ark Soundex census: Mary Sue b. Nov. 1883; Rosa Dell b. Jan. 1890; Georgia b. Dec. 1893; Terrell b. July 1897, all Arkansas. George H., Jr. b. 1907 on 1910 census. Ashley County Eagle, Sept. 12, 1895: "Death has entered many homes in our County recently, but the saddest visitation seems to have fallen on the home of Mr. George H. Richardson of Milo, whose two eldest children and only sons were buried last week in the same grave. William, the eldest, aged between 14 and 15, died on Wednesday evening of last week, and the younger son, Jack, aged between 13 and 14, breathed his last Thursday morning."

Yr of Birth 1836

Our sympathy goes out to the grief stricken family in their sorrow. Since the above is in type the distressing news comes that another child has been taken from these heart broken parents. Little Blanche, their nine year old daughter, breathed her last on Monday evening of this week." Another son, Ward, age one was born Aug. 16, 1896, died on March 16, 1897. These four are buried in the Egypt Cemetery, Ashley County, Arkansas. George Henry and Mattie are buried in the Hamburg Cemetery. George b May 21, 1856, d Feb. 5, 1930.

CHILD 4 - Adelia (Della) HARVILLE-116

The 1870 census of Ashley County shows a daughter, "Hanner"?, seven years old; in 1880, daughter Adelia is 16. Could this be the same daughter? Adelia Harville married A. E. Harris on July 21, 1891, at age 26; she was widowed. On October 15, 1896, she married Frank H. Scott of St. Louis, in Hamburg, Ark. In 1945, she is listed as a surviving sister of Hunter C. Harville, residing in Monticello, AR. One daughter, Esther Scott.

CHILD 5 - Dora HARVILLE-117

Dora Harville married J.S. Hall on May 31, 1884, in Ashley Co., AR., #MS86042. (Batch -- LDS). In March, 1904, J.S. Hall was postmaster of Parkdale, AR. She is listed as a surviving sister of Hunter C. Harville in 1945, living in El Paso, TX.

CHILD 6 - Hunter C. HARVILLE-118

Hunter C. Harville married Jessie C. Lindsey, daughter of Dr. W.H. Lindsey, on Dec. 25, 1893. John W. was born in Sept., 1894; daughter Birdie in Sept., 1898; Marie b. 1901; Hunter Frank b. 1903; Mary E. b. 1906; (Ar 1910 Soundex) also sons Eddie and Uriah survived in 1945.

CHILD 7 - Emma Lillian HARVILLE-40

On the 1880 census, Lily is listed as being eight years old, but her death certificate says she was born in 1873. Charles Kennedy and family moved to Hamburg in October of 1896 and formed a partnership with brother-in-law, George H. Richardson in a general merchandise store. (Ashley Co. Eagle carried ads for the store.) In March of 1900, Charles sold this business and bought another from J.C. Harville, a nephew; kept it until 1902. In Feb. of 1903, Mrs. C.T. Kennedy of Monticello is listed as a visitor in Hamburg.

CHILD 8 - Eddie Frank HARVILLE-119

Ed F. Harville married Lottie Murphy on Dec. 25, 1895. They had four children: William Jennings Bryan Harville, b Nov. 1896; John Watkins, b Dec. 1899, d. 1951, buried in Lakewood Cemetery, Ashley County, Gertrude, and Eddie Frank, Jr., dates not known.

He died on Sept. 23, 1902.

Lottie remarried April 17, 1904 -- A.R. Lindsey.

CHILD 9 - Bertie HARVILLE-100

Married Uriah J. Cone, b. 1880, Attorney at Law. Daughter, Lillian, b. Ark. 1905; one son John D., b. Ark. 1908. (Soundex, AR 1920)

In 1945, she is listed as a surviving sister of Hunter C. Harville, living in Pine Bluff, AR.

## **Stephens**

I would like to hear from a descendant of Dew Stephens listed in the 1860 census.

**Mary B. Shipp, 5390 Blue Ridge Parkway, Memphis, TN 38134-6239.**

## **Mason**

Seeking information about my deceased father, **William Lester Mason**, who was a coach in Crossett in the thirties. After leaving Crossett, Dad went to White County (Searcy) where he was superintendent of schools until his untimely death in 1947 due to an auto accident. I was six years old at the time.

I believe I was told by mother (Alice Carter Mason), also now deceased, that my dad was responsible for naming the Crossett mascot the Eagles. My sister, **Gloria Mason Henderson**, tells me that she was told recently that there was perhaps a building named for my father. At any rate, I would appreciate any information you can share with me, or if you have names/addresses of persons who might remember my parents, I would appreciate knowing them. As I grow older, I am more keenly interested in details about my family and realize how very little I really know about my parents' early years. Any information you can share would be greatly appreciated.

## **Woodard**

Looking into a **William J. T. Woodard** born around 1829 in SC and was living in Ashley County prior to his death on a visit to his brother in Bradley County in c/a 1895. Somehow he was connected to a **Bellott family** who resided in Ashley County. Any information on this man would be appreciated.

**Jann Woodard, 12008 Ginger Lane, Benton, AR 72015**

## **Harville**

My grandmother was **Emma Lillian (Lily) Harville Kennedy**. I have tried unsuccessfully to find her family before 1870 in Ashley County. Does anyone know of any **Harville** descendants who might have information or pictures of this family? (See family group sheets and more information on pages 24-27 of this issue)

## Objectives of ACGS

1. To increase the interest in and raise the standard of genealogical research and compilation by means of educational programs, workshops, and the publication of genealogical data.
2. To encourage and instruct members in the art and practice of genealogical research and compilation, as well as to acquaint members with sources of genealogical material in Ashley County and elsewhere.
3. To serve, through its periodicals and otherwise, as a medium of exchange of genealogical information.
4. To promote the collection, preservation, and utilization of manuscripts, documents, and other materials of genealogical value.
5. To aid local libraries in their maintenance and acquisition of genealogical materials.
